ABOUT NTIS

As a cornerstone of the technological publishing structure in the United States, the National Technical Information Service (NTIS) is a key participant in the development of advanced information products and services for the achievement of U.S. productivity and industrial innovation goals in the 1980's.

NTIS, an agency of the U.S. Department of Commerce, is the central source for the public sale of U.S. Government-sponsored research, development, and engineering reports, and for sales of foreign technical reports and other analyses prepared by national and local government agencies and their contractors or grantees.

And, it is the central source for:

federally generated machine processable data files and software; licensing U.S. Government-owned patents.

NTIS manages the:

Center for the Utilization of Federal Technology (CUFT) which alerts U.S. industry to specially selected technology having immediate practical value;

Federal Software Exchange Center, for the exchange of computer software among Federal agencies, with public availability through NTIS.

Consequently, NTIS is one of the world's leading processors of specialty information.

The NTIS information collection is approaching two million titles, several hundred thousand of which contain foreign technology or foreign marketing information. All are permanently available for sale, either directly from 80,000 titles in shelf stock or from microform master copies of documents that are less in demand. Annually, NTIS supplies its customers with more than six million documents and microforms, shipping about 24,000 information items daily.

Full summaries of current U.S. and foreign research reports and other specialized information, in hundreds of subject categories, are published regularly by NTIS in a wide variety of newsletters, journals, and indexes, and in a variety of subscription formats for other Federal agencies. The complete texts of the technical reports cited are sold in paper and microform.

Some 70,000 new technical reports of completed research are added annually to the *NTIS Bibliographic Database.* Anyone seeking the latest technical reports or wanting to compile unique subject groups of abstracts may search the *NTIS Bibliographic Database* online using the services of vendors or organizations that maintain the NTIS database for public use. The whole database in machine readable form may be leased directly from NTIS.

The more timely documents in the NTIS collection are selected by category and sold as paperbound *Published Searches,* covering some 3,000 topical subject areas.

Customers with well defined continuing interests may subscribe to a standing order microfiche service *(SRIM)* which enables them to automatically receive the full texts of only those documents relating to their individual requirements.

NTIS sells its technical information products and services under the provisions of Title 15 of the U.S. Code (1151-7). The law established a clearinghouse for scientific, technical, and engineering information within the Department of Commerce and directed that it be self-supporting.

NTIS, therefore, is a unique Government agency supported by its customers. All costs, such as salaries, manufacturing, information acquisition, marketing and postage, are paid from sales income; not from tax-supported congressional appropriations, certain developmental programs excepted.

HOW TO ORDER

Order Fulfillment Options

NTIS offers three order fulfillment options; REGULAR, EXPRESS, and RUSH. If you need assistance with your order, NTIS offers an identification service for NTIS order numbers, prices, and availability.

Regular Service. Your order can be placed by mail, by telephone, or in person at one of our sales desks.

All Regular demand orders are shipped First Class Mail or equivalent service to all U.S. addresses. (For First Class Mail or equivalent service to Canadian and Mexican addresses add $3 per item; for all other addresses add $6 per item). A Shipping and Handling Fee ($3 domestic/$4 foreign) must be applied to all Regular orders, but does not apply to Express, Rush or subscription orders. You may elect to pick up at the NTIS Springfield Information Center, 5285 Port Royal Road, Springfield, VA 22161 (703/487-4650) or at the NTIS Washington Information Center and Bookstore, Room 1067, Department of Commerce, 14th Street, N.W., Washington, D.C. 20230 (202/377-0365). If you elect personal pickup, the receptionist will call you when your order is ready. Some items cannot be picked up in person, and you will be notified when you place your order.

EXPRESS or RUSH SERVICE is for customers who must have immediate delivery.

Express Service guarantees overnight delivery via courier service *on all reports in stock* that are ordered from NTIS by 1 p.m. (EST). *Rush Service* guarantees same day processing on reports in stock and 24 hour processing on reports requiring printing. All items are mailed *First Class Mail* (or equivalent). *Express* or *Rush* orders receive immediate validation, verification of availability, and individual hand processing through inventory control and the warehouse; priority printing if production from film is required, and priority mailing.

Express or *Rush* orders for mailing rather than pick-up are accepted only from customers having NTIS Deposit Accounts or American Express, VISA, or MasterCard Accounts.

Express or *Rush* orders may be placed only by telephone, telegram, Telex, telecopier (see key telephone numbers on the title page), or by customers in person; not by mail. Customers must use order numbers.

Express Service for delivery to customers by overnight courier adds $20 to the cost of each item ordered. *Rush Service* for delivery to customers by *First Class Mail* (or equivalent) adds $10 to the cost of each item ordered.

Express or Rush for pick-up in Springfield or downtown Washington adds $7.50 to the cost of each item or copy ordered.

Ordering From Outside the United States. To better serve overseas clients, NTIS has more than 40 organizations around the world which provide local access to NTIS products and services. These agencies are equipped to handle all inquiries concerning services provided by NTIS.

Online Ordering: Two commercial vendors of the NTIS Bibliographic Database offer their customers the convenience of online ordering of NTIS documents. They are the System Development Corporation (SDC) and Dialog. Both permit their customers to charge NTIS Deposit accounts for orders that are transmitted daily to NTIS. Inquiries should be addressed to SDC, 2500 Colorado Avenue, Santa Monica, CA. 90406 and to Dialog, 3460 Hillview Avenue, Palo Alto, CA. 94304.

Telex: Ordering from NTIS may be speeded by the use of Telex. Customers may charge their Deposit Accounts, credit cards or ask for Billing Service. Billing Service costs $7.50 extra for each order. Call the NTIS Accounting Division (703-487-4770) for detailed restrictions that apply to this service.

PRICE CODES

Most NTIS products are announced with a price code. Dated periodicals have a code-price table, current at time of publication, affixed to the back cover so that users can determine the actual price of a product. As this is a hardbound publication the code-price table cannot be attached to the back cover; you will find the current table shipped along with this index. You can also consult a current issue of Abstract Newsletter or Government Reports Announcements & Index (GRA&I) for the code-price table.

Use of the price-code scheme permits the NTIS electronic database (from which Abstract Newsletter and GRA&I are derived) to reflect "current prices." The codes won't change. In the future, by using a then-current code-price table, one will be able to determine current prices of products that were entered into the system in the past.

Starting with issue 8401 of the GRA&I Journal, page number references were dropped from report citations and replaced with six-digit *abstract numbers.* Abstract numbers run consecutively from the first issue each year to the last. The number assigned to the first citation announced in 1985 was 500,001 with the 5 representing the year.

The Annual Index also carries the abstract number in place of a page number reference. This year's Index drops the year (volume) reference to make room for the issue and abstract number. The year (volume) appears in the heading on each page of the Index.

The Secretary of Commerce has determined that the publication of this periodical is necessary in the transaction of the public business required by law of this department. Use of funds for printing this periodical has been approved by the Director of the Office of Management and Budget through August 1, 1986.

CORPORATE AUTHOR INDEX

NTIS®

In this index, the name of the company, university, or government agency that performed the research or prepared the report is listed. Entries are arranged first by the organization's name, then alphanumerically by the performing organization report or series number. If no report or series number is included, the subarrangement is by NTIS order number.

DO NOT USE THE ABSTRACT NUMBER TO ORDER A DOCUMENT

IMPORTANT NOTICE:

The three letters at the end of the NTIS order numbers have been placed there to help NTIS determine the most effective media in bringing various types of information to readers' attention.

Please use the media codes at the end of the order numbers when ordering.
